142 New Street Lights in El Rímac

An agreement between Enel Distribución Perú and the Municipality of El Rímac has improved street lighting.

Lima, 19 February 2016 – Through an agreement with the Municipality of El Rímac, Enel Distribución Perú has improved street lighting through the replacement of 142 street lights on the Pizarro Avenue, as well as in the Limonsillo market and Plazuela Baratillo.

To contribute to the safety of residents and improve the district's appearance, the output of street lights has increased from 250 W to 400 W.

In this way, the Municipality of El Rímac and Enel Distribución Perú are working together to improve the service for the benefit of the community.
