

ENEL ANNOUNCES PLANNED POWER OUTAGES IN SOME AREAS OF LIMA

We would like to inform our clients that, in order to keep the electrical network in optimal condition, from Monday 15 to Wednesday 17 of this month, Enel will temporarily suspend power services in specific areas of several districts of Lima during limited hours.

It should be noted that these power outages are made preventively, according to regulatory measures, and in line with our investment plan. Likewise, it is essential to carry them out given the increase in energy consumption as a result of the reopening of economic activities.

The dates, times, and areas affected are as follows:
