## **ELECTRICAL SERVICE: ENEL LAUNCHES PAYMENT CONVENIENCE CAMPAING**

- *Starting on Monday the 20<sup>th</sup> of May, more than 30 thousand clients in Lima and Callao will benefit from discounts and debt installments.*

**Lima, May 23<sup>rd</sup> of 2019.** Enel Distribución Perú launched the first payment convenience campaign of the year for debt-suspended electrical service clients. Interested people can approach the service centers of the company starting May 20 until July 13, where their case will be evaluated in a personalized way and multiple benefits will be offered.

This campaign is directed towards household clients with an active status or that have withdrawn from the service within 4 to 8 months, and with debt equal or greater than 200 soles. Enel will offer more flexible debt installments and the reinstallation of the electricity meter if necessary. For more details, call us at 640 – 3331.

Enel expects that this initiative facilitates reinstating power for 32,500 clients, mainly in the districts of San Juan de Lurigancho Cercado de Lima, Callao, Ventanilla, Comas, San Martín de Porres, and Puente Piedra, where the larger part of this type of cases have been detected.

“The main objective of the company is to provide high-quality electrical service for all users within our concession area. We know that power is a fundamental element in our day-to-day, which is why we invite you to approach our offices to work out an effective solution”, said **Marco Alarcón**, representative of Commercial Management of Enel Perú.
